

VAN GALDER WILL AID PEACE PLANS

Editor of Modern Woodman Accepts Invitation to Accompany Henry Ford to Europe.

SAILS FROM NEW YORK DEC. 4

Goes as Representative from Fraternal Beneficiary Societies—Given Big Honor.

P. O. Van Galder, editor of the Modern Woodman, and president of the Tri-City Press club, today received from Henry Ford, millionaire auto manufacturer and advocate of peace, a telegram inviting him to accompany him to Europe on his mission, which has for its purpose the ending of the great struggle abroad. Mr. Van Galder this afternoon wired Mr. Ford his acceptance.

Sails December 4.

The telegram which Mr. Van Galder received stated: "Will you not as a representative of the fraternal beneficiary societies be my guest on the Oscar II, of the Swedish-American line, which sails for New York City, Dec. 4, for Christiania, Stockholm and Copenhagen?" The purpose of the trip is also explained. Prominent Europeans are to be asked to join in the conference. The fact that 20,000 men are falling every 24 hours in the European struggle is pointed out as one reason for this new attempt to stop the great bloodshed.

Mr. Van Galder is naturally much pleased at the offer tendered him and is looking forward with a great deal of pleasure to the trip, which he hopes will not only be a pleasant outing but will do his part toward bringing about peace.

Sixty Attend Fest.

The seventh annual pentecost city symposium was held in the Rock Island Y. M. C. A. gymnasium last evening. Sixty men, representing the senior classes of Moline, Clinton, Davenport, Muscatine and Rock Island, sat down to a banquet at 6:30. Dr. E. E. Martin, chairman of the physical department committee, presided. Three hundred people witnessed the exhibition of gymnastic work in the gymnasium, which started at 8 o'clock, 50 men taking part.

RELIEVED AFTER LONG SUFFERING

Tanlac Very Effective in the Case of Well Known Davenport Gardener.

After six years of suffering from a disordered stomach, Henry Stiefers, a well known gardener of Davenport, found complete relief by using Tanlac. The Master Medicine, which has given such universal satisfaction to the thousands of people in Illinois and other states where it is on sale. He said:

"My stomach was in a very bad condition. The food I ate did not digest properly and I was suffering great discomfort night and day. I took Tanlac and relief started almost immediately. My stomach is in excellent condition again and I can eat anything and enjoy it. Tanlac is a great medicine and I urge sufferers to use it."

It is a fine remedy for the stomach, liver, bowels, rheumatism, catarrhal affections, loss of appetite, sleeplessness, nervousness and a system purifier. It is now being sold at Riess' pharmacy, 1600 Block, Rock Island.—Adv.

JUDGE DOES NOT SPARE YOUNG MAN

Wilbur Benell of Moline, Who Took Advantage of His Mother, Is Scathingly Arraigned.

Wilbur Benell, living in Highland addition, Moline, when he was given a hearing on a charge of disorderly conduct before Magistrate Frank Gustafson this morning, was subjected to a scathing arraignment by witnesses, the like of which has probably never before been heard in Moline police court.

His character was pictured in stinging language by Mrs. Essie Salsbury, police matron, W. A. Golden, supervisor of the poor, and Benell's own sister, who did not hesitate to tell of his conduct. After hearing all testimony the magistrate sent Benell to jail for 30 days.

While Benell was arrested because of an alleged failure to use money given him by his mother for the purpose she had intended it should be used for, the charge was made disorderly conduct and testimony of all sorts was admitted.

Mrs. Salsbury accused Benell of taking advantage of the city's philanthropic department and attempting to obtain a living for nothing through it. Her testimony was supported by Mr. Golden.

Officers of the company report that the prospects for the organ business this coming year are very bright, judging from the numerous inquiries coming daily.

FATALLY CRUSHED BY A LOCOMOTIVE

Simon Gottlieb Dies at St. Anthony's Hospital From Injuries Sustained in Davenport.

FAILS TO HEAR THE ENGINE

Badly Mangled, But Lives Three Hours After Accident—Had Resided in City 20 Years.

Simon Gottlieb, aged 51, 535 Twenty-first street, died at 2 o'clock this afternoon at St. Anthony's hospital, from injuries sustained at 11 o'clock this morning when he was run down by a D. & M. switch engine at the foot of Warren street in Davenport. Mr. Gottlieb, with Will Morris of Morris & Lewis, scrap iron dealers of this city left this morning in a wagon on a business mission to Frank's foundry company in Davenport. Gottlieb left the wagon on Warren street on an errand and was crossing the tracks when the switch engine approached the crossing with a string of cars. He failed to hear the bell and was struck by the pilot of the engine and thrown to the tracks, the front trucks passing over his body. He was crushed about the abdomen and severe internal hemorrhages resulted. He was rushed to St. Anthony's hospital in this city, where he expired three hours later.

Native of Poland. Simon Gottlieb was born in Poland, in 1864, where he grew to manhood. He was united in marriage there to Miss Esther Morris 27 years ago. He came to this country 20 years ago, settling in Rock Island, where he had lived since. Gottlieb had been in the employ of Morris & Lewis for many years. He was a member of the Beth Israel synagogue of Rock Island and of the Modern Woodmen.

Besides his wife he is survived by seven children, Mrs. Sam Meggill, Chicago; Mrs. Joseph Katz, Rock Island; Otto, Julius, Freda, Jacob and Theodore, at home.

RAID PLACE TWO TIMES IN 3 DAYS

Keeper and Three Inmates Taken at Five on Twenty-first street and Fined in Police Court.

For the second time within three days police last night raided an alleged disorderly house on Twenty-first street between Second and Third avenues. A keeper and three inmates were taken in custody.

Police had a warrant for Eugene Graves, whom they have been seeking since Saturday night when they raided the house. An officer went there to serve the warrant and when he took Graves in charge other people in the place started a controversy with the officer. Police then took the others in custody and they were arraigned in police court this morning.

Mrs. Maggie Jones was assessed \$25 and costs as keeper. Graves was fined \$5 and costs for disorderly conduct. Della Carter was assessed \$5 and costs for disorderly conduct and Marie Turner was fined \$10 and costs on a charge of being an inmate of a house of ill fame.

Captain Kittelson, Detective Schnerf and Patrolmen Berry and Flanigan made the arrests.

DUBUQUE MAN IS SENT ON HIS WAY

M. B. McAllister, Who Was Found Nude in Moline, Worries Police With Further "Stunts."

It was with a feeling of relief that police of Moline bid farewell to M. B. McAllister, the man found nude on the bluff about ten days ago, who yesterday reported he had lost or been robbed of \$50, when this morning they placed him on a train for Dubuque, a ticket having been purchased for him by the department.

McAllister called at the station yesterday, thanked the officers for taking care of him, reported the alleged theft, and then dropped from sight.

At 11 o'clock last night the police were informed by Axel Toline, 525 Twenty-first street, that he had caught a burglar or something. When the police arrived they discovered McAllister, clothed this time, but hardly in his right mind.

The front door of the Toline home had been left unlocked so that another member of the family, who did not have a latch key, might enter without disturbing the household.

At 11 some one was heard to enter. Such unusual quiet followed, however, that the head of the household decided to investigate. In the living room he heard some one breathing. He flashed on the light.

There, in a nice, big chair, reclined McAllister, his eyes closed and gentle snoring whispering between his parted lips.

The police were called, but no charges were made against the man this morning. The authorities decided that McAllister would be far better off in Dubuque than in Moline.

McAllister told the police that he had attempted to enter several houses but had found the doors locked.

The Villa de Chantal suspended classes yesterday when a valve broke in the steam heating plant. Some of the pupils are staying temporarily with friends in the city. The breakdown made it necessary to entirely overhaul the boilers and heating plant. The work is being rushed as quickly as possible, and it is probable that school will be resumed again tomorrow. Several of the rooms at the school are being heated by gas temporarily for administration purposes.
